The toys that love to be loved

For almost a half century we have been designing and manufacturing attractive, lovable stuffed toys, of the highest quality. Made of the finest color-fast materials obtainable, Ka-Klar features softness, lightness and washability. We unconditionally guarantee to replace free of charge, any toys found to be defective in either materials or workmanship.

Harvey T. King
HARVEY T. KING

Washability of Ka-Klar Toys

All toys by Ka-Klar are either foam or kapok filled. If the toys are small enough to be placed in a machine most can be machine-washed. The use of mild soaps or detergents in warm water is recommended. Harsh detergents, bleaches or bleach mixes and very hot water should be avoided.
